Brick Paver Cleaning & Sealing

THE FIRST 'ALL IN ONE DAY' PROCESS™

Increase property value and add curb appeal by rejuvenating your pavers. We use Seal 'n Lock System's environmentally safe Sealer (with an algae and mold inhibitor) that dries in hours – not days. The result is a rich, long lasting luster that will seal and protect your investment for years to come. Give us a call today for more information or to schedule an appointment.

Protect your investment.

THE 'FIRST ALL IN ONE DAY' PROCESS™

*Pressure wash
Re-sand paver joints
Apply 2 coats of Sealer (flood coat and top coat)*

ENVIRONMENTALLY SAFE

*Won't harm pets or plants
Odor-free
No toxic chemicals*

BEAUTIFUL RESULTS

*Provides a long lasting luster
Algae and mold inhibitor
Inhibits weed growth
Easy maintenance*

DURABLE

*Two-year warranty
Provides a protective barrier against stains and weather
Seals joints to eliminate stray sand*

DRIES FASTER

*DRIES IN HOURS....faster than most sealers!
Swim in your pool the next day*

WORKS ON MOST SURFACES

*Can be used on clay pavers, artistic pavers,
cement driveways, acrylic overlays and artistic stone*

“My pool area looks wonderful! Thanks for such a great job.”

“What a difference! Can't believe the luster. My driveway has never looked better.”

“The whole job was finished in less than one day - not like the last time, which took several days.”
